- II. General Information
  - A. Directory Instructions
  - B. Legend of Symbols
  - C. Page Reference Grid
- III. Maps (A thru G)
- IV. Appendix
  - A. Street Name Index
  - B. City Street Index

## Preface

This book is a product of Rowan County's E911 Project. The streets were created using Rowan County's 1998 street centerline data. It contains detailed maps of the roads and streets within Rowan County. The address ranges are derived from the County's digital street centerline file, and the Master Street Address Guide (MSAG). The address indicated in the indexes may not indicate a particular house address, but indicates an acceptable address within a section of road.

The 911 addressing project was a cooperative effort between numerous citizens, agencies and organizations to change all addresses from rural routes and box numbers to the street style addressing that we use today. Special thanks should be expressed to the following Agencies for their addressing efforts.

Rowan County Telecommunications Department  
Rowan County Emergency Services  
US Post Offices Serving Rowan County  
Alltel Communications  
Concord Telephone Company  
Southern Bell

This book was produced by:

Rowan County  
Planning Department  
402 N Main Street  
Salisbury, NC 28144

In an effort to continue to maintain our 911 addressing, parts of this document may be revised as needed. Any suggestion or comments regarding this Index should be mailed to the attention of "Rowan County Index" at the above address.

### **DISCLAIMER:**

**This entire book was prepared by Rowan County, NC for the County's Internal use. Rowan County, its agents and employees make no warranty as to the correctness or accuracy of the information set forth herein, whether expressed or implied, in fact or in law, including without limitation the implied warranties of merchantability and fitness for a particular purpose.**

## **Street Network Directory Instructions**

### **Contents of Map Page:**

**“Map Page”** This is the main map area being viewed. Roads in this area are indexed in Appendix A & B.

**“North Arrow”** This marker points to the direction of north.

**“Scale”** Map Scale is shown in feet.

**“Disclaimer”** Please Read.

**“Rowan County Location Index”** Grid of entire county with present page shaded to indicate its relationship within Rowan County.

**“Date”** Indicates the date of last addition revision or deletion to this page.

### **Page Reference Grid:**

The Page Reference Grid divides the County into individual maps and shows the location of major roads in the County. The pages of this book are arranged in alphanumeric order and can be referenced by the Index number found on each map page.

### **Appendix A:**

This is an alphabetical listing of all state, private, and city roads with address ranges and the map pages on which they are located.

Many roads in the county may contain duplicate road names. In this case refer to the City Name in the index to differentiate between these roads.

Roads which extend beyond an individual grid map should contain multiple map page numbers.

## **Appendix B:**

This is an alphabetical listing by city. This index lists roads within each of the County's municipal jurisdictions. These listings include address ranges and reference map page numbers.

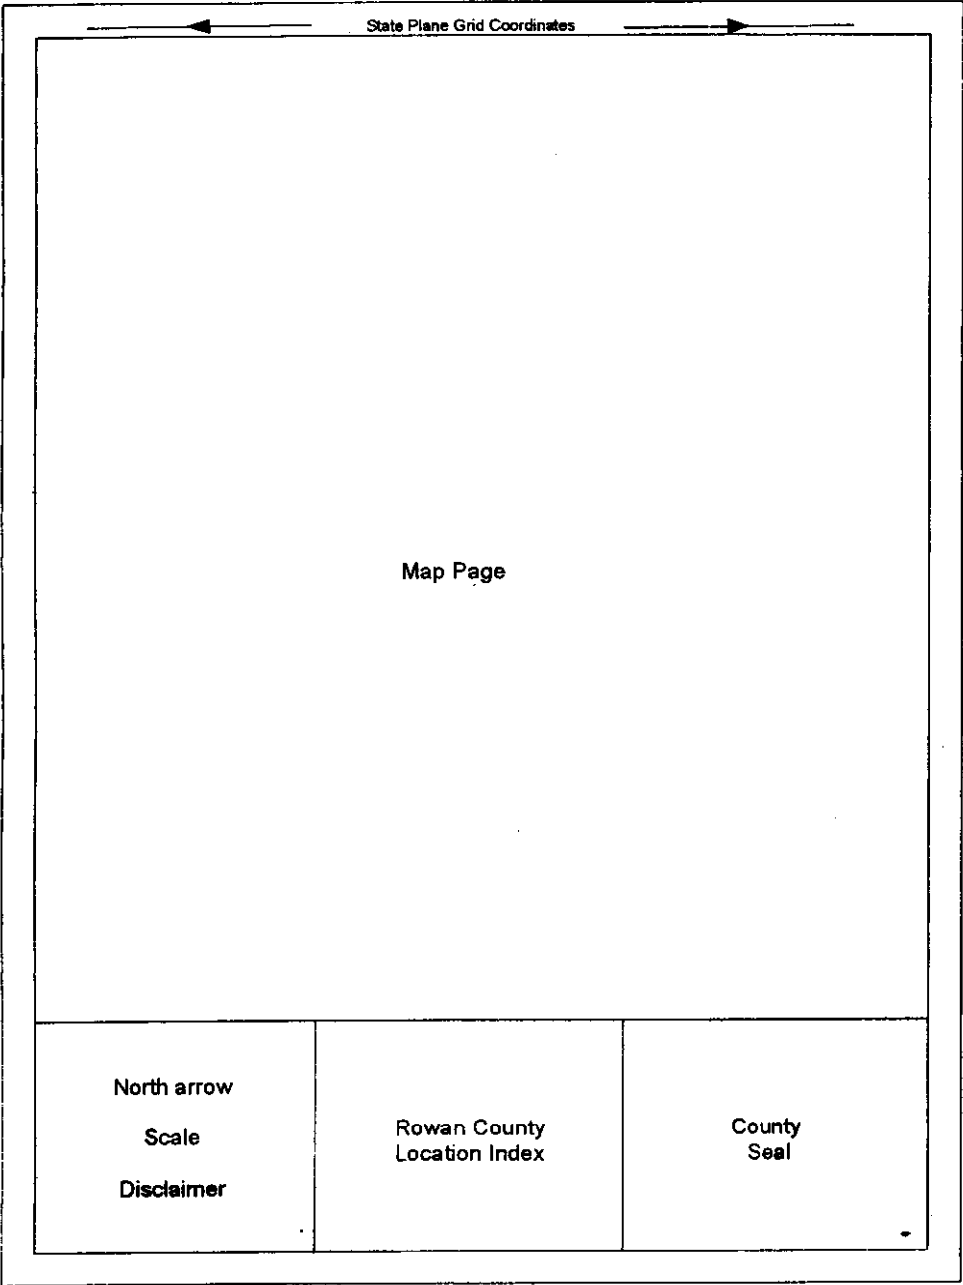

### **How to Use Index:**

If you know the name of the road and the city where it is located, find the Street Name in Appendix B. This will show the address range and Map Page where it can be found.

If you don't know the name of the road please refer to the map pages where names are labeled.

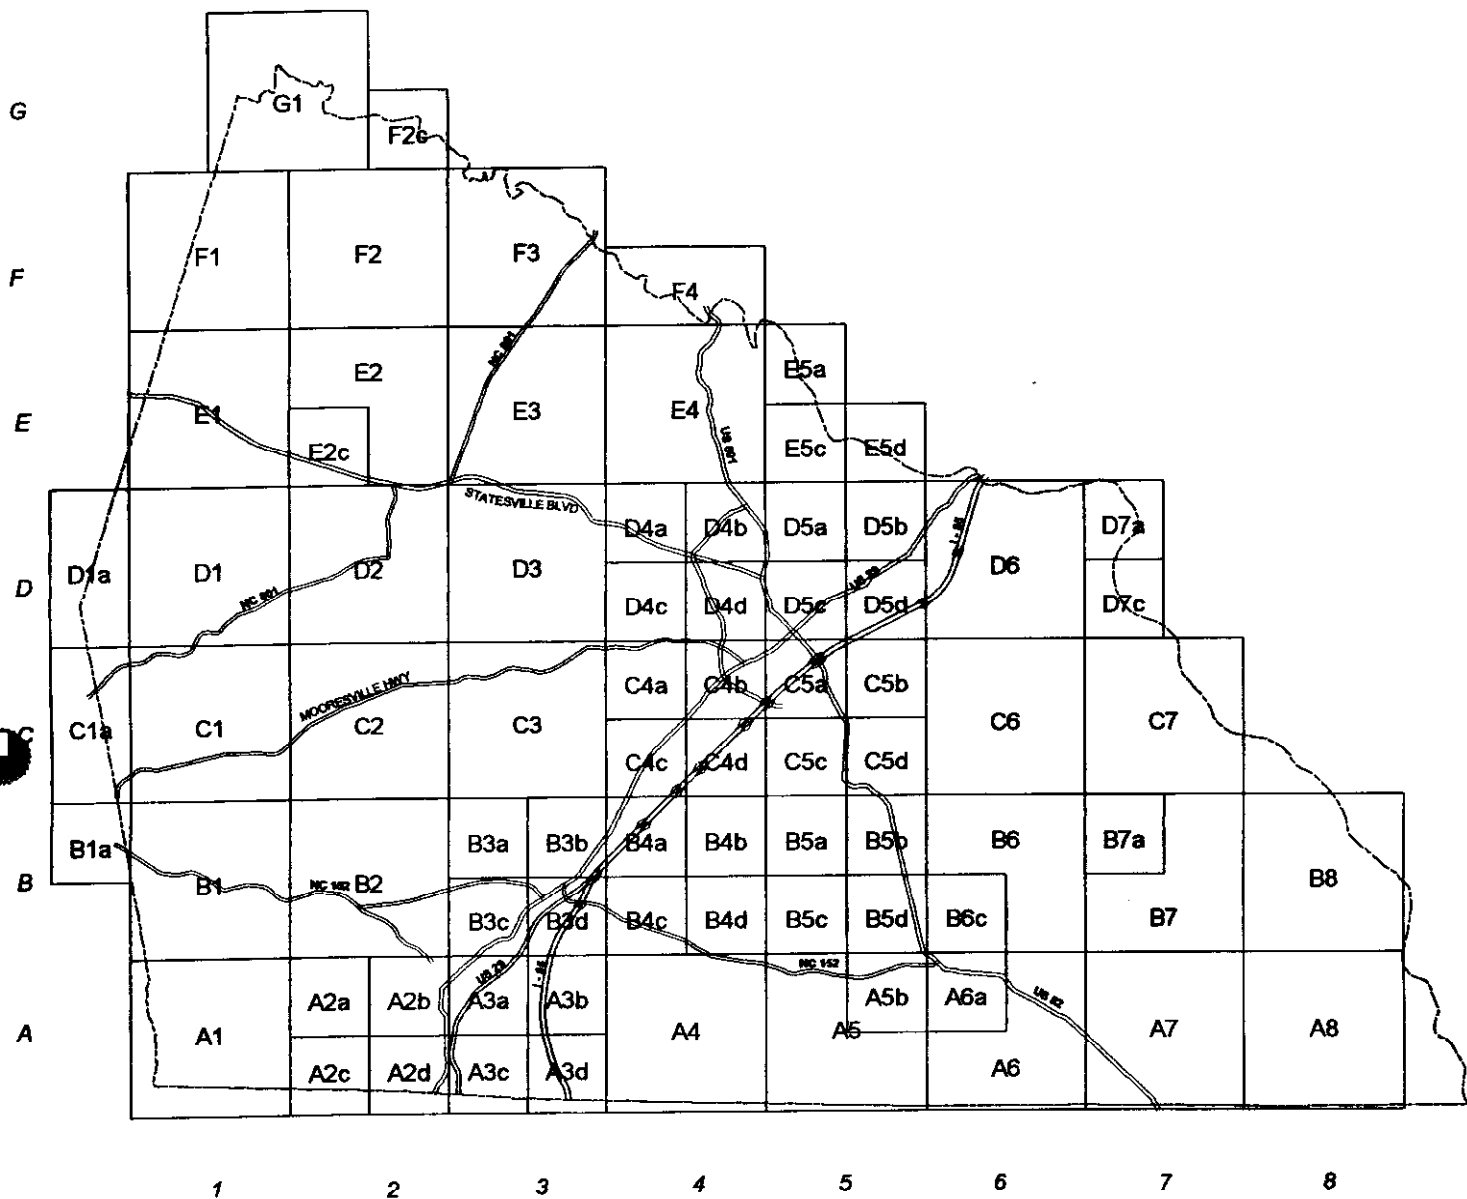

**Warning! This document may contain errors. No warrant of accuracy fitness for a specific use is expressed or implied.**
